ACADEMIC AND PROFESSIONAL BACKGROUND

QUALIFICATION	INSTITUTION	PERIOD
✚ Bachelor's Degree in Information and Communication Technology with Education	✚ Copperbelt University	✚ 2018-2022
✚ Google IT support Professional Certificate	✚ Google	✚ 2023

WORK EXPERIENCE

1. 10th July 2023 till date; Software developer at the University of Zambia

Key Activities /duties.

As a dedicated Software Developer at the University of Zambia since July 2023, I have demonstrated proficiency in a diverse range of responsibilities pivotal to software development. Below is a breakdown of my key duties and accomplishments:

System Requirements and Design:

- Collaborated with the team to define system requirements, ensuring alignment with project goals.
- Played a key role in designing the system architecture, creating a blueprint for seamless functionality and integration.

Development and Deployment:

- Spearheaded software development efforts, leveraging my expertise in PHP, JavaScript, and frameworks like Yii2 and Laravel.
- Facilitated smooth deployment processes, making incremental progress accessible for testing and refinement.

Version Control and Collaboration:

- Utilized Git and GitHub for robust version control, enabling efficient collaboration and tracking of project changes.

Front-End and Back-End Technologies:

Proficient in:

- Figma, PHP, Bootstrap, Yii2 and Laravel and JavaScript

Ongoing Project: HR and Payroll System:

- ✚ Currently engaged in developing an HR and Payroll system, contributing to various critical modules, including:
 - ❖ Recruitment Module
 - ❖ Information Module
 - ❖ Contract Module
 - ❖ Establishment Module
 - ❖ Training Module
 - ❖ Reports Generation

2. Project Assistant | Parkridge Investments (March 2023 - June 2023)

- Assisted in providing IT services.
- Contributed to project-related tasks and activities.

3. 2020 February -2022 October 30; Computer lab attendant at Kapasa Makasa University

Key Activities/duties:

- ✓ As a student at Copperbelt University's Kapasa Makasa campus, I diligently served as a **Computer Lab Attendant**.
- ✓ My responsibilities included assisting fellow students in the computer lab with their needs, ensuring a smooth and efficient environment. Although my duties were routine, they were essential for maintaining the lab's functionality.
- ✓ Assisted students with technical issues and inquiries, troubleshooting hardware and software problems effectively.
- ✓ Maintained cleanliness and organization of the computer lab environment, promoting a conducive learning environment for students.
- ✓ Assisted in the installation and maintenance of software applications and updates, ensuring optimal performance of computer systems.
- ✓ Demonstrated strong interpersonal and communication skills, effectively liaising with students, faculty, and other staff members.

ACHIEVEMENTS

- ❖ Developed Health Specialized Cases Integrated System -> Final year project
- ❖ Managed and worked on Life Transforming Institute Site:
<https://lifetransforminginstitute.com/>
- ❖ Participated in Huawei competition and awarded a certificate in IP, storage, and Intelligent Collaboration in 2023.
- ❖ Developed Point of sale System in PHP.
